AGIM UCHECHUKWU CHIGOZIE

Full-Stack Software Engineer | Data Analyst | Educator

Behind Divine Mission School Ikot Effanga, Calabar Municipal, Cross River| **Phone**: +2348142720498, |**Email:** Agimuche1@gmail.com |**Portfolio website**: Portfolio | **LinkedIn**: LinkedIn Profile | **GitHub**: GitHub Profile

PROFESSIONAL SUMMARY

Multidisciplinary professional spanning software engineering, data analysis, UI/UX design, chemistry education, and public/environmental health. Currently building front-end and full-stack products while leading technical training as Head of Training & Development for a 20-team internship programme, and teaching data analysis, coding, and STEM subjects across two academies. Brings a B.Sc. in Environmental Health Science, an in-progress B.Sc. in Software Engineering, and a track record of shipping real projects, from production web apps to a self-published exam-prep resource. Seeking a role that draws on this full breadth of technical, analytical, and instructional experience.

TECHNICAL SKILLS

- **Programming Languages:** HTML, CSS, JavaScript, Dart, React.js, Python
- **Data Analysis Tools:** Python, Excel, SPSS, Microsoft Power Bi
- **Design Tools:** Adobe Photoshop, Figma,
- **Web Development:** Front-end development, UI/UX Design
- **Training & Education:** Curriculum Design, Instructional Delivery, Program Governance, Chemistry Instruction
- **Other Skills:** Leadership, Public Speaking, Communication, Teaching, Statistical Analysis

PROFESSIONAL EXPERIENCE

- **Circo Digital Academy | Head of Training and Development | Orange Internship Programme — *2025 – Present***
  - Lead training strategy, governance, and documentation for the Orange Internship Programme across 20 product teams.
- **Circo Digital Academy |Data Analyst Instructor — Oct *2025 – Present***
  - Teach data analysis fundamentals — statistics, Excel, and Power BI — to trainee cohorts.
- **525System Nigeria LTD | software Engineer (Front-end) November 2025 – present | Calabar Municipal Cross River State**
  - Worked with a team of Developers in building a web application and Mobile Application (Habeep: real Estate application)
  - Maintenance of Front-end and back – end of the web application
  - Continuous integration and Continuous development of Database and web components
- **Webcraft-Project Nigeria | Full Stack software developer (Remote) December 2025 – present | Yaba, Lagos State**
  - Worked with a team of Developers in building a web application solution for businesses and small enterprises
  - Design and build scalable software solution for hotel, schools and hospitals around Nigeria
  - Ensure the Security and effective functionality of our software solution from attack
- **Geecore Limited Nigeria | software Engineering Intern June 2025 – November 2025 | Calabar Municipal, Cross River State**
  - Worked with a team of Developers in building a web application call Wivali Ai (an Ai application that build websites for users)
  - Learning and practice of Front-end and back – end web development
  - Learning and Practicing Mobile App Development
- **RLabs Nigeria | software Engineering Intern (Remote) September 2024 – present | Yaba, Lagos State**
  - Worked with a team of Developers in building a web application and modifying the company's Website
  - Learning and practice of Front-end and back – end web development
  - Learning and Practicing Mobile App Development
- **Power Learn Academy | Software Engineering Trainee (Remote) September 2024 – present | Nairobi, Kenya**
  - Worked with a team of Developers in building a web application
  - Learning and practice of Front-end and back – end web development

- Learning and Practicing Mobile App Development

- **Data -Initiative | software Engineering Intern (Remote) September 2024 – present | Asaba, Delta State**
  - Worked with a team of Developers in building a web application
  - Learning and practice of Front-end and back – end web development
  - Learning and Practicing Mobile App Development
- **Mabel Divine International School | Chemistry Teacher March 2023 - Present | Nnewi, Anambra State**
  - Teach high school students both practical and theoretical Chemistry.
  - Coach students in practical chemistry and sciences, enhancing their understanding and application.
- **Saint Joseph Secondary School | Chemistry Teacher May 2019 - February 2023 | Nnewi, Anambra State**
  - Delivered comprehensive chemistry education, combining theoretical knowledge with practical skills.
  - Facilitated students' academic growth through effective coaching and mentorship.
- **Gifted Hands Data-lab | Data Analyst February 2019 - Present | Remote**
  - Performed data collection, cleaning, and statistical analysis for academic research.
  - Collaborated with undergraduates and postgraduates on thesis data analysis using SPSS and Excel.
- **Federal Teaching Hospital | Environmental Health Science Intern** | **February 2020 - June 2020 | Abakaliki, Ebonyi** State
  - Trained on infection prevention and control measures, and hospital waste management systems.
- **Medicine Sans Frontiers | WASH/IPC Intern | June 2020 - September 2020 | Abakaliki, Ebonyi State**
  - Gained practical experience in infection control, sanitation practices, and hospital hygiene.
- Primary Health Care Center | Public Health/Immunization Intern| September 2020 - November 2020 | Abakaliki, Ebonyi State
